

Make connectivity a property advantage.

Compare internet, managed Wi-Fi and TV options around your property's goals. Get the team to help you plan, negotiate and move forward.

YOUR PROPERTY COMES FIRST

Property economics

Evaluate costs, income opportunities and long-term commitments.

Resident experience

Plan dependable connectivity, straightforward onboarding and helpful support.

Less work for your team

Get coordinated expertise, clear responsibilities and a dedicated point of contact.

Internet & fiber

Managed Wi-Fi

TV & entertainment

Multifamily | Senior living | Student housing

Existing communities and new developments

Start with a property review.

Evan Buchanan | 602-405-4018 | evanb@jettenterprises.us

The right team. From site review to support.

Core Group coordinates advisory, technical and provider resources around your goals, with a clear point of contact throughout the process.

01 **Site review**

Review existing services, infrastructure, property goals and renewal timing.

02 **Planning & provider evaluation**

Bring technical specialists into the process and compare qualified provider options.

03 **Contracts & negotiation**

Work through pricing, agreement terms, infrastructure responsibilities and support commitments.

04 **Implementation coordination**

Coordinate provider milestones, installation planning and resident onboarding.

05 **Dedicated support**

Maintain a point of contact for account coordination, provider escalation and ongoing needs.

FOR DEVELOPERS

Plan connectivity before choices become commitments.

Engage early to align provider options, infrastructure scope, budgets and responsibilities with the project schedule, from planning through occupancy.

Your advisor. A team behind you.

Evan Buchanan | Technology Advisor

25 years of technology advisory experience.

Share your property location, unit count and renewal or development timing to start the conversation.

Our advisory services are generally compensated by the providers selected. We explain the arrangement and any separate project costs before you proceed.

Provider availability, pricing, installation scope and financial terms vary by property.
